## Painting Instructions

Board - Base the entire board the color of your choice. I would use Foliage Green as my first choice and shade the edges with Avocado.

Pot - Base the cauldron with Lamp Black. Dry brush the center of the cauldron with Slate Grey. Highlight the edges with Snow White.

Coins - Base the area with Marigold. Dry brush the center with Sunny Day. Add the darker coins with Honey Brown

Mittens. Shade with Burnt Umber and highlight with Sunny Day. Highlight the top of the outline of the coins with Snow White.

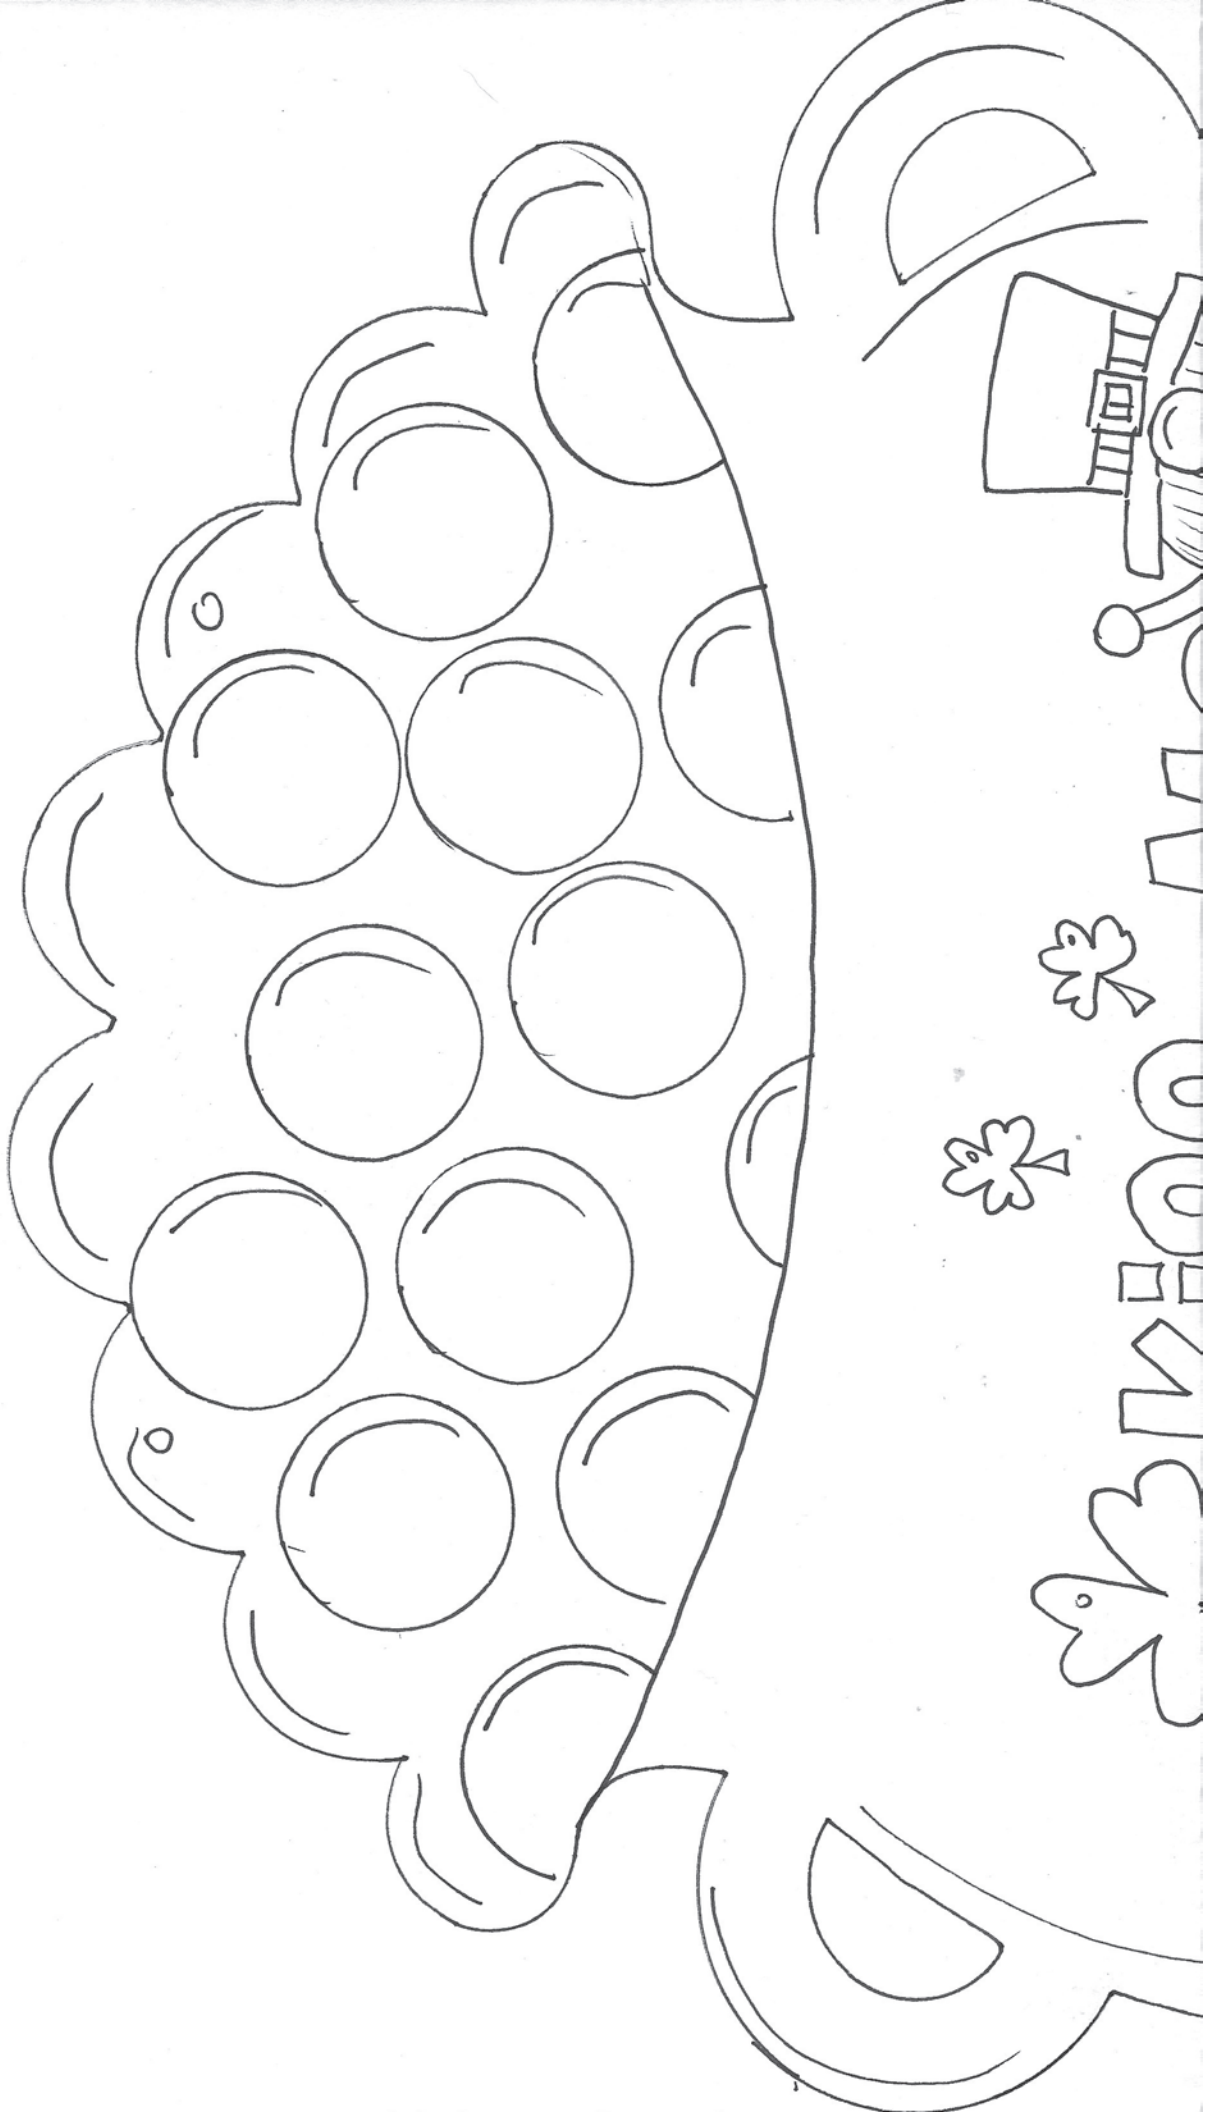

Shamrocks -Base with Foliage Green. Shade with Avocado and highlight with Pistachio Mint. Add dots with Snow White.

Lettering - Base with Snow White.

Gnome - Base hat and body/arms with Foliage Green. Shade with Avocado. Highlight with Snow White. The hat is based with Avocado and shaded with Black Green. The white lines are Snow White. The buckles are based with Marigold. The dark lines on the pants are Avocado. The button on the pants is Lamp Black. The shoes are based with Avocado and shaded with Black Green. Add lines with Lamp Black. Highlight with Foliage Green. The beard is based with Spiced Pumpkin. Shade and add lines with Burnt Orange. Shade again and add lines with Burnt Umber. The hands and nose are based with Coral Cloud. Shade with Dried Clay and highlight with Snow White.

Finish - Shade around the characters with Deep Midnight Blue. Add details with a black pen as desired.

Spray with matte sealer. Add hanger if desired. ENJOY!!!!
